

Sultanate of Oman

Ministry of Environment and Climate Affairs
Directorate General of Environmental Affairs
Department of Chemical Substances

Ministerial Decision No. (25/2009) Issuing the Regulations for Organization of Handling and Use of Chemicals

**Unofficial Translation
Ministerial Decision
No. (25/2009)**

Issuing the Regulations for Organization of Handling and Use of Chemicals

Based on Royal Decree No. (77/82) on the Use and Handling of Explosives in the Sultanate,

And the Law of Handling and Use of Chemicals issued by Royal Decree No. (46/95),

And the Law of Conservation of the Environment and Prevention of Pollution issued by Royal Decree No. (114/2001),

And the Regulations for the Registration of Chemical Substances and the Relevant Permits issued by Ministerial Decision No. (248/97), And the Ministerial Decision No. (316/2001) on the Prohibition of Certain Chemicals,

And the Regulations for the Packing, Packaging and Labeling of Hazardous Chemicals issued by Ministerial Decision No. (317/2001), And according to the requirements of the public interest.

Has decided:

Article (1): The provisions of the attached Regulations for Organization of Handling and Use of Chemicals shall come into effect.

Article (2): The Ministerial Decision No. (316/2001) referred to shall be cancelled, and all provisions contradicting or contravening the attached regulations shall be cancelled.

Article (3): This Decision shall be published in the Official Gazette and shall come into force from the day following the date of its publication.

Hamoud bin Faisal Al Busaidi
Minister of Environment and
Climate Affairs

Issued on : 16 Jumada Al Thani 1430 AH

C. T. : 10 June 2009

Regulations for the Organization of Handling and Use of Chemicals

Article (1): The following words and terms shall have the meanings explained herein unless otherwise stated:

Ministry : The Ministry of Environment and Climate Affairs.

Minister : The Minister of Environment and Climate Affairs.

Chemical : Any substance, enlisted, as hazardous material according to the International Classification of Hazardous Materials, which affects the public health and the environment. Explosives defined in the referred Royal Decree concerning the Use and Handling of Explosives are excluded.

User : Any natural or juridical person who has obtained a permit from the Department to handle or use chemicals.

Handling : Any deal with chemical between natural or juridical persons, by sale, purchase, distribution, use, manufacture, import, export, re-export, transport, storage or discharge.

Article (2): The user of the chemical substance, in the event of storage, shall comply with the following conditions:

1. Store chemicals in designated areas away from industrial activities, each type to be separated, and a partition of 10 meter width shall be made between the flammable materials and any source of combustion and they shall be separated from any facility for the production of flammable materials by 3 m.

2. They shall be stored in an orderly and harmonized manner with labeling of each chemical showing its common name, chemical

composition and degree of risk, with chemical containers not to be placed on each other in an accumulated manner, and flammable materials to be kept away for a distance of not less than one meter from the warehouse doors.

3. The roofs of the store shall be designed in such a manner that prevents accumulation of smoke which may result from any fire.

4. The store shall have at least two emergency gates for use in emergency cases with emergency signs affixed to the gates.

5. The floor of the store shall be lined with impermeable materials, preventing any shock or electrical short, non- slippery and its walls and structures shall be non-flammable.

6. The store shall have outlets and back-up emergency ducts in case of leakage of rain water.

7. Electrical connections shall not be bare, shall be connected in parallel and maintained to permanently ensure their safety.

8. The store shall be provided with adequate and secure lightening at all times and the operating keys shall be outside the store near its gate.

9. The store shall be far from any source of heat or any flammable source.

10. It shall contain odors, gases and smoke suction and exhaust devices.

11. The store shall be well ventilated with sound insulation to prevent any echo, which may lead to fall or collision accidents.

12. The store shall be provided with security and safety devices to be decided by the competent authorities.
13. The store shall contain guidelines and warning signs of various types of risks.
14. The store entrances shall be controlled, monitored and supervised in a safe and sound manner with prohibition of entry to non-authorized staff.
15. Review the Material Safety Data Sheets when a chemical substance spills, leaks, or any other emergency incidents.
16. No construction, extension or change in the store or any removal works unless after the approval of the Ministry and The Directorate General of Civil Defense, Royal Oman Police.

Article (3): The user of any chemical substance stated in Annex (1) shall submit the academic qualifications of the technical working team supervising its use to the Department; shall be committed not to exceed the quantity specified in the permit issued to him and not to sell it in the local market.

Article (4): Handling and use of any chemical substance stated in Annex (2) is prohibited; and the user is committed to notify the Department of any stock during two months from the date of enforcement of this decision, and to be disposed of in accordance with the conditions and procedures specified by the Ministry.

Article (5): The user of chemical substance shall be committed to prepare a contingency plan to deal with it within and outside the establishment, and shall train the authorized staff within the establishment in the mechanism of its application.

Article (6): It is permissible to the Ministry to issue permits, for experimental use and scientific research only, for any chemical substance listed in Annex (2) to research centers, scientific and educational institutions and labs.

Article (7): The provisions of these Regulations shall not be applicable to the following:

- a- Pharmaceutical and medical drugs.
- b- Explosives as stated in Royal Decree No. (82/77).

Article (8): Offenders of the provisions of these Regulations shall be liable to penalties stated in the referred to Law of Handling and Use of Chemicals.

In the event the violation continued for more than one month from the date of the offense, the Ministry may stop the offender from practicing his activity in accordance to the procedures stated in Article (4) of the referred to Law of Handling and Use of Chemicals, and not to permit him to handle or use chemicals until the removal of the causes and impacts of the violation at his own expense.
